

ISABELLE MEIER, PhD (CH) is co-author of *Depression. Verstehen und Behandeln aus Sicht der Analytischen Psychologie* (Kohlhammer, 2022) and *Grandparents. Archetypal and clinical perspectives on the grandparent-grandchild-relationship* (Routledge, 2016) and wrote numerous articles on the relationship of complexes and intersubjectivity. Dr. Meier is Co-President of the international network of research in Analytical Psychology INFAP3 and on the editorial board of the German journal “Analytische Psychologie”. Her special area of interest lies in the links of complexes, imagination and symbolic images.
